COLLISION PARTS CATALOG

This Collision Parts Catalog has been prepared to give you a quick ready reference so that you can make estimates on most American Motors Automobiles from 1966 thru 1970. You will find that the collision parts listed are placed in this catalog in the order that they appear on the automobile. We have also listed Group Number, Description, Model Application, Part Number and Suggested List Price.

Any further information or part numbers required for collision items for Limited Production Automobiles and/or Automobiles equipped with Heavy Duty Parts or other Special Equipment may be requested from your American Motors Dealer. He can also satisfy your requirements for Genuine American Motors Replacement Parts.

CAUTION: The model information referred to on page 2 should be included with all orders for parts.

Dealers: To be sure that you supply correct material, all orders for parts should be checked against an up-to-date Parts Catalog.

If any errors are noted in this catalog, please advise the Automotive Parts and Accessories Merchandising Manager, American Motors Corporation, 14250 Plymouth Road, Detroit, Michigan 48232.

UNISIDE SERVICED IN SEGMENTS

The unitized body has always been available in easy-to-service segments. The 1966 thru 1970 one-piece Uniside also is serviced in sections . . . as well as a unit. This is a continuation of our policy to provide you with the right parts for the job . . . so that you can provide excellent service at a profit. As your American Motors Dealer, we are always ready to help you . . . please call on us soon!

GENERAL INFORMATION

ILLUSTRATIONS shown in this catalog are typical views (covering several models) and may not represent any specific application. They will, however, indicate the collision parts required.

MODEL APPLICATIONS shown, consist of a year designation (such as 67-68, 69) plus a model number (such as 05, 18-5, 89-5). If a part is used on an entire series . . . for example American . . . rather than list all models in that series a representative model no. is used. Each series is designated in the following manner:

- ♦ 01 for 1966 thru 1968 AMERICAN or for 1969 RAMBLER or for 1970 HORNET
- ♦ 10 for 1966 RAMBLER CLASSIC 6 or V-8
- ♦ 10 for REBEL beg. with 1967
- ♦ 30 for AMX
- ♦ 50 for MARLIN
- ♦ 70 for JAVELIN
- ♦ 80 for AMBASSADOR

RC appearing in this catalog indicates the presence of a note or other pertinent model information which is too lengthy to print. We suggest that you "Refer to the Proper Parts Catalog" for this additional information.

CODE (φ) appearing in this catalog between the group number and the part number indicates that the part number includes all required attaching parts.

LIST PRICES printed in this catalog are subject to change without notice.

MODEL INFORMATION

When placing orders for collision parts include, with all correspondence, the following vehicle information:

- ◆ MODEL NO.
- ◆ BODY NO.
- ◆ CAR SEQUENCE NO.

THE SERIAL NUMBER is located under the hood on a plate attached to the right front wheelhouse panel and/or to the instrument panel.

THE BODY, MODEL, TRIM and PAINT NUMBERS are located on a plate visible when the left front door is open. Located below the paint number is a CAR SEQUENCE NUMBER.

○ AMERICAN MOTORS ○
CORPORATION

"UNDER THE UNITED STATES NATIONAL TRAFFIC AND MOTOR VEHICLE SAFETY ACT OF 1966, CERTIFIES TO THE DEALER THAT THIS VEHICLE MEETS ALL FEDERAL MOTOR VEHICLE SAFETY STANDARDS APPLICABLE ON THE DATE OF MANUFACTURE."

ADVANCED UNIT CONSTRUCTION COMBINES BODY AND FRAME INTO A SINGLE ALL-WELDED STRUCTURAL UNIT. DEEP-DIP PRIMER PAINT, GALVANIZED STEEL SECTIONS, PLUS LUSTRE-GARD BAKED ACRYLIC ENAMEL PROTECT AGAINST BODY RUST.
